a. Information on Grants in Aid Program, Grants in Aid Fund, and Grants in Aid Advisory Commission

Mr. Akagi thanked the Commissioners for their service. He introduced the OGM staff present in the meeting as well as OGM's new secretary, Katherine Hutchinson. Mr. Akagi shared that the fund balance is uncertain at this time but revenue is not expected to be greater than the amount of \$10.6 million that the Commission recommended for awards last year.

Mr. Akagi informed the Commission that we had a total of 157 applications this year. One of the applications has been disqualified, leaving the total number of applications to be 156.

Mr. Akagi anticipates having the flash drives ready for the Commissioners by January 1st. He asks the Commissioners to be mindful of construction projects, renovations and capital projects as there is an increase this current cycle. Mr. Akagi shared some organizations have been awarded funds but they haven't begun the process of construction or renovation and their timelines are delayed because of permitting, construction delays, etc. He reminded the Commissioners that one of the requirements for the GIA fund is to use the money within that year so there may be organizations who will try to put it into their capital fund which isn't allowed.

b. FOR DISCUSSION: Reports provided by DCS to the Grants In Aid Advisory Commission.

Mr. Akagi stated that on the flash drives provided to the Commissioners, they will receive a number of different reports including sustainability scores and past performance. He asks if those reports are helpful for them or if they would like different reports. He explained the sustainability score is related to section 2, question C, which rates the sustainability of the non-profit organization to continue on without the city funding. The Commissioners agreed that they appreciate the information provided on the flash drives and no changes to the reports currently being provided are need at this time.

The third (3rd) meeting is to accept the variances, if there are any and the final meeting is to approve the report to City Council which is due on March 4, 2024.
