

Congratulations to Van Lee, 2023 Lifetime Achievement Award Recipient!

Van Lee

Over a 30-year career, Van Lee has supported and grown the local government auditing community across the United States and Canada. He accomplished this by making significant contributions to ALGA and by sharing his time and expertise with numerous audit organizations.

Van has been a strong advocate for ALGA's peer review program. Van served on 11 peer review teams and led six reviews of the City and County of Honolulu Office of the City Auditor. He also served ALGA as an at-large board member, as board secretary, and as a member of several committees ranging from the Awards Program Committee to the Long-Term Conference Planning Committee. As a member of ALGA's Diversity, Equity, and Inclusion Committee, his advocacy helped pushed for an active, thoughtful role of DEI in ALGA's organizational culture.

Van is also known for his exceptional knowledge and expertise in government auditing standards, often serving as a Yellow Book resource to others.
