REPORTS ON THE AUDIT OF FEDERAL AWARDS

CITY AND COUNTY OF HONOLULU

Fiscal Year Ended June 30, 2008

March 31, 2009

To the Chair and Members of the City Council City and County of Honolulu Honolulu, Hawaii

We have completed our financial audit of the basic financial statements of the City and County of Honolulu, State of Hawaii (City), as of and for the fiscal year ended June 30, 2008. Our report containing our opinion on those basic financial statements is included in the City's Comprehensive Annual Financial Report. We submit herein our reports on the City's internal control over financial reporting and compliance, the City's compliance with requirements applicable to its major federal programs and our report on the schedule of expenditures of federal awards.

OBJECTIVES OF THE AUDIT

The primary purpose of our audit was to form an opinion on the fairness of the presentation of the City's basic financial statements for the fiscal year ended June 30, 2008, and to comply with the requirements of the Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, which establishes audit requirements for state and local governments that receive federal financial assistance. More specifically, the objectives of the audit were as follows:

- 1. To provide a basis for an opinion on the fairness of the presentation of the City's financial statements.
- To determine whether expenditures and other disbursements have been made and all revenues and other receipts to which the City is entitled have been collected and accounted for in accordance with the laws, rules and regulations, administrative directives, policies and procedures of the City, the State of Hawaii and the federal government (where applicable).
- To determine whether the City has established sufficient internal controls to properly manage federal financial assistance programs and to comply with the applicable laws, regulations, contracts, and grants.
- 4. To determine whether the City has complied with the laws, regulations, contracts, and grants that may have a material effect on the financial statements and on each major federal financial assistance program.

SCOPE OF THE AUDIT

Our audit was performed in accordance with auditing standards generally accepted in the United States of America as prescribed by the American Institute of Certified Public Accountants; *Government Auditing Standards*, issued by the Comptroller General of the United States; and the provisions of OMB Circular A-133. The scope of our audit included an examination of the transactions and accounting records of the City for the fiscal year ended June 30, 2008.

ORGANIZATION OF THE REPORT

This report is presented in five parts as follows:

- Part I Our report on internal control over financial reporting and on compliance and other matters.
- Part II Our report on compliance with requirements applicable to each major program and on internal control over compliance.
- Part III Our report on the schedule of expenditures of federal awards.
- Part IV The schedule of findings and questioned costs.
- Part V The summary schedule of prior audit findings.

We wish to express our sincere appreciation for the excellent cooperation and assistance extended by the staff of the City.

Sincerely,

Ron Shiigi Principal

Ron Slings

AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Chair and Members of the City Council City and County of Honolulu Honolulu. Hawaii

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City and County of Honolulu, State of Hawaii (City), as of and for the fiscal year ended June 30, 2008, which collectively comprise the City's basic financial statements and have issued our report thereon dated February 25, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the City's financial statements that is more than inconsequential will not be prevented or detected by the City's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the City in a separate letter dated February 25, 2009.

This report is intended solely for the information and use of the City Council, management of the City and County of Honolulu, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

PART II

AUDITORS' REPORT ON COMPLIANCE WITH
REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Chair and Members of the City Council City and County of Honolulu Honolulu, Hawaii

Compliance

We have audited the compliance of the City and County of Honolulu, State of Hawaii (City), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the fiscal year ended June 30, 2008. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the fiscal year ended June 30, 2008.

Internal Control Over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the City Council, management of the City and County of Honolulu, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

AUDITORS' REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

INDEPENDENT AUDITORS' REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

To the Chair and Members of the City Council City and County of Honolulu Honolulu. Hawaii

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City and County of Honolulu, State of Hawaii (City) as of and for the fiscal year ended June 30, 2008, and have issued our report thereon dated February 25, 2009. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the City Council, management of the City and County of Honolulu, federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
