

## Solving this crossword is easy if you've learned the 9 pollution tips in this book.

### ACROSS

1. Use it on household pests, not on the environment.
2. Read and follow. It's the law.
3. \_\_\_\_\_ your car on a grassy area.
4. It may be liquid also, but it just doesn't mix with water.
5. This member of your family needs help picking up its waste.
6. After yard work, gather and turn into compost.

### DOWN

1. "Dump No Waste, \_\_\_\_\_ Our Waters."
7. Dispose properly after using \_\_\_\_\_-based paint.
8. Keep the \_\_\_\_\_, curbs and gutters lean around your house.
9. \_\_\_\_\_ up to prevent soil from leaving your yard.

- Across
1. PESTICIDE
  2. LABEL
  3. WASH
  4. OIL
  5. PET
  6. GRASS
- Down
1. PROTECT
  7. WATER
  8. SIDEWALK
  9. COVER

And finally, a couple of useful car tips:

**Don't Be An Oil Drip** – See an auto professional who changes and disposes used motor oil. If you do it at home, use an oil change box and absorbents such as kitty litter to soak up leaks and spills, sweep up and dispose in the trash.

**Car Wash** – Use a commercial car wash that recycles its used water or wash your car on the grass or direct the water to a grassy area and away from storm drains. If you wash your car on a City street, use plain water, a hose with a nozzle, bucket, and sponge.
